

Auburn City Ambulance

Emergency Medical Technician

DISTINGUISHING FEATURES OF THE CLASS:

This work involves responsibility for providing emergency medical care. The employee may operate specially equipped medical vehicles in the transport of victims to area hospitals. The employee, having completed an Emergency Medical Technician course and possessing the appropriate certification level from the New York State Department of Health for this position, renders initial medical care to persons requiring medical assistance. The employee performs routine maintenance and custodial work on station and equipment when not performing the primary responsibility of the class. Work is reviewed during emergency medical operations and maintenance for acceptable procedures by a superior. Employees are required to recertify on a periodic basis the emergency medical Technician certification required for this position. Employee shall maintain certification throughout employment. Supervision of subordinate employees is not exercised in this class.

TYPICAL WORK ACTIVITIES:

- Operates specially equipped vehicles to respond to medical emergencies and to provide life support services to stabilize persons in life-threatening situations resulting from trauma and other medical emergencies;
- Provides medical emergency care to accident or other emergency victims such as extraction, splinting and immobilization, administration of oxygen, suctioning, insertion of airways, cardiopulmonary resuscitation, emergency childbirth, and defibrillation;
- Monitors and transmits vital signs of pulse, blood pressure and respiration ;
- Performs direct medical tasks on persons requiring emergency services;
- Applies rescue techniques and knowledge to affect the safety of persons trapped in vehicles and those stranded, marooned, or endangered by unusual circumstances;
- Maintains proficiency and State Emergency Medical Technician Certification;
- Maintains or has others maintain records of emergency response, patient treatment and problems encountered and their solutions rendered in the course of their shift;
- Maintains the building, equipment, and grounds in a clean and orderly condition, which includes janitorial type cleanliness as well as minor maintenance and repairs;
- Maintains all required records and/or reports regarding ambulance and emergency medical activities; sends reports to appropriate agencies and distributes as necessary throughout the department;
- Responds to all ambulance and rescue emergency calls dispatched to;
- Maintains emergency vehicles and equipment in a ready state, including all medical/drug supplies;
- Functions as a public educator with respect to school tours and the public in general;
- May participate in basic emergency medical training and coordinates emergency medical services on site.

FULL PERFORMANCE KNOWLEDGE, SKILLS, AND ABILITIES:

Knowledge of and ability to apply emergency first aid and temporary procedures to trauma victims at the scene and en route to the medical center;

Knowledge of and skill in using a variety of medical and first aid equipment in an ambulance;
